

## Early Career Researchers' Week

The week targets doctoral candidates as well as postdoctoral researchers and assistant professors. During this week, we will offer various workshops on research funding, grant proposal writing, funding opportunities etc. At its heart, it includes the one day information event "KoWi - Research in Europe" where various funding institutions present their programs.

**UNIVERSITY OF BAYREUTH GRADUATE SCHOOL** The University of Bayreuth Graduate School is an institution aimed to support and provide necessary services surrounding a doctorate. Membership is open to all doctoral candidates of the faculties and graduate centres of the University of Bayreuth.

**WiN**  
Wissenschaftlicher Nachwuchs  
Universität Bayreuth

WiN - Wissenschaftlicher Nachwuchs offers a wide-ranging support and qualification program, which is specially tailored for junior researchers and postdocs heading for a scientific or non-university career.

## Early Career Researchers' Week Research Funding

1. - 5. April 2019

## KoWi - „Research in Europe“

KoWi (European Liaison Office of the German Research Organisations) offers a one-day information event at the University of Bayreuth in order to get early career researchers interested in an international career in research. A compact overview on the current funding possibilities and on research vacancies is offered at national level as well as at European level.

Many different research and funding organisations present their programs and institutes on campus and provide help with the successful proposal and application writing. A great opportunity to get in touch!

The information event is targeted at students near their graduation, doctoral candidates, Postdocs and multipliers.

For „KoWi - Research in Europe“ please register at the KoWi Website:
